

## **Humber Bank Contractor Competency Forum**

HBCCF or ConCom as it is more usually known is a joint project between a number of the Humber Bank sites and their contractors to monitor and promote competency in the contractor base. It helps clients meet their need to assess contractors systems and capabilities and provides contractors with single standard and consistent system to demonstrate their competence to multiple clients.

### **Key advantages to Clients**

- Shared contractor auditing resource
- Collective regional voice
- Joint approach to common issues
- Database of pre-audited contractors
- Shared information on safety & competence issues
- Common scheme across the Humber Bank Industries

### **Key advantages to Contractors**

- Single audit for 18 Humber Bank clients
- Development support
- Shared information on safety & competence issues
- Joint approach to common issues

### **Key features of scheme**

- Forum meets monthly (both client representatives and some contractors)
- Audits carried out by Lead Impress Auditor accompanied by client auditor
- Contractors audit on bi-annual cycle
- Access to audit results 24/7 by internet
- Access to audit report detail
- Sharing best practice
- Contractor receives single audit for all clients
